

Historic 2 bedroom apartment for sale with a large terrace in the Gothic Quarter of Barcelona

A few meters from Plaza Sant Jaume and Barcelona Cathedral, you may be lucky enough to come across this stunning, historic 2 bedroom apartment for sale with a large terrace in the Gothic Quarter of Barcelona. The historic edifice has been completely restored with top quality materials, yet the charming, traditional bones of the property have been lovingly preserved to ensure it retains all of the bold character that it boasts.

The property is spread over three floors and used to be the art studio of the famous artist, Miquel Barceló, meaning it is comprised of huge, open spaces to allow plenty of creativity to flow. It is of great architectural value and has been completely refurbished whilst fully respecting the original structure of the building. The 4.5-metre-high ceilings with their spectacular wooden beams and the authentic stone floor all add together to give the property a unique, historic and industrial air.

There is a large entrance hall to the property which has enormous windows and leads through to a room that is set up perfectly to be a living room and dining room. It is a huge size and has modern shelving and state of the art lighting, which contrast beautifully with the historic bones of the space. Next door is the kitchen, which is of a beautiful, minimalistic design with sleek, white cabinets and high-quality appliances. There is a bedroom on this floor which is of a good size and has fitted wardrobes. There is also a bathroom with a shower nearby. On the second floor of the property is another large open space which will make an amazing master bedroom. If desired, it could also be split into two bedrooms in the future. There is a second bathroom here which has a huge shower. On the top floor, the terrace can be accessed. It is an amazing, private space, where you will be able to relax in the sun, enjoy al fresco meals and gaze at the stars with a loved one. Currently it is surrounded by plants, transporting you to a wild, jungle-like place. It is so tranquil that it is almost impossible to remember you are still in the centre of a city!
